Editor's Column

Edition 39

Have you ever wondered how can you directly or indirectly support in the thrive of land and marine species?

You can do the following,

1. Conduct and participate in land and marine cleanups
2. Use Baadr App and participate with us in promoting it among your friends and family

Stay safe,
SSI Team.

Sponsor's Welcome

Bp is an integrated energy company, providing innovative solutions to improve people's lives. Headquartered in London and established in the Middle East for over a century, it aims to help the world reach net zero. Bp aims to reach Net Zero by 2050, reaching for ambitious aims to reduce emissions, scale up renewables and invest more in low carbon. We will report back here with progress on our #bpNetZero journey!

As a proud partner of SSI for over 10 years, bp supports nurturing the knowledge and means to address global environmental issues through educating younger generations.

And shares the concerns of our community's stakeholders and believes that actions today can solve long term environmental challenges.

Bp's purpose is reimagining energy for people and our planet, and the company encourages action today, that will lead to a healthier and safer tomorrow.

#bpNetZero

Un tide turner's plastic Challenge 2021-2022 Champions

In celebration of Earth Day, we are delighted to announce the winners of the UNEP Young Leaders Plastic Challenge. Congratulations to our 73 Champions from the 11 schools who championed in the field of conservation and making change!

Green Achiever

Good Will Children private school Celebrating Earth Day

Good children private school celebrated Earth Day with the theme "Invest in our earth", where parents, staff, students and community participated in a pledge, by conducting a poster competition for Grade 1 to 8 and a Tiara making competition with KG students.

Congratulations on having a creative Earth Day celebration!

Masdar Sustainability Ambassadors Program

Congratulation to the student Randa Haj Rabaeih from Al Huiteen school for being selected to participate in the program. Wishing her good luck!

Grace Valley Indian school Celebrates Earth Day

All Things Sustainable

Did you know single-use plastic is one of the most common forms of death for marine animals? Not only do these animals mistake plastic for food, they also can easily get tangled, stuck and hurt by plastic items.

They don't have a choice, but you do.

On 1st of June 2022, specific kind of single use plastic bags will be banned from Abu Dhabi territory and alternatives will be provided.

Next time you visit the supermarket simply avoid using single use plastic bags by taking your reusable bag and or a trolley to carry your purchases. And before taking a plastic bag ask yourself, Do I need a plastic bag? Is there an alternative option?
